LIFE HISTORY OF MARGARET ELZIRA FROST RAWLINS

(As written by Margaret and her granddaughter, Eulalia L. Taggart)

McCaslin Frost was of an English descent and his wife was Dutch. When Pennina Smith was a very little girl her mother died..She lived with her aunt until her aunt died. Then Pennina went and lived with James and Isabell Frost, until she married their son, McCaslin Frost in 1809.. They both joined the Church of Jesus Christ of Latter -Day-Saints in Jefferson Co., Iowa.. They were baptised by their oldest son, Samuel Buckhamon Frost, who joined it in Nauvoo.

While a small child Margaret moved to Hancock Co. and from there to Iowa, Jefferson Co., here in the spring of 1840 her sister, Martha McKinney Frost (Patsy as she was always called) she was married to Harmon Akes..The day before the wedding their came a big turkey before the door.. Her father, being a strong Methodist hated to break the Sabbath but did and shot the turkey and had it for the wedding. When the folks went to the wedding they left little Margaret Elzirah alone with a big dog to guard her, this being in the night and it was in an Indian country.

Her school teachers were Rebecca Frost in 1842. And also Abbigail Thorn or as she is know by us here (Grandma Pond.) . Not long after her sister was married her brother Samuel B. Frost came from Illinois, Bear Crick Branch on a mission and preached the Gospel to his father's family, converted his father and mother, sister Nancy and Husband, Archibald Keer, Fereba and her husband, William Harrison Barger and Martha and Husband, Harmon Akes. Isabell, her husband, Wiley Jones did not believe. Later on Samuel B. Frost came back and cut the ice which was two feet thick, and baptised all of them. But Isabell's husband would not let her be baptised. After this her father and family moved to Illinois then her Brother Samuel B. went on a mission to Tennessee among their relatives. A cousin to her father John Frost and family joined the Church . His wife's name was Nancy. Their children were: Lafayett, Mary, married Joseph Sharp Rawlins., Jessey, Martha, Rebecca, Lafayett went in the Mormon Battalian and inlisted in the Army the second time and he died in California a member of the Church.. The father, John Frost, died in Illinois in full fellowship of the Church. And Mary married Joseph Sharp Rawlins and the mother and rest of the family appostied from the Church. After Brother Samuel B. came hom in 1842 he baptised his little sister Margaret Elzirah in the Church. Bro. Henry Miller confirmed her at the water's edge.

My father rented a place, about 5 miles from Carathage. Lived there several years, before the prophet was killed and was living there at that time.

There was break up among the people and her father moved on to another place he rented, staid there till the mob begin to burn houses, In May 1846 they left their home and started west, stoped at Councel Bluffs, Iowa. In the Fall of 1846 her father and brother Samuel B. went about 60 miles down the river to what was called Nisher Botany. My Bro bought a place here and we all lived here.

Margaret was working out to a place and the man tore a large hole in his coat in going through the brush, as they lived a way out in the woods, the lady was sick and not able to mend the hole so Margaret offered to do it. She did so nice a job that other neighbors brought work for her, she was very neat in hand work of any kind. She was at this place when Harvey M. Rawlins came after her. His Bro Joseph S. and wife, Mary Frost Rawlins came on 3 Dec 1846 and they were married in Nishe Botany..Then the men hired out to split rails for a man by the name of Jones. The last of Dec. they moved to a place called Honey Crick. On New Year's morning Harvey went out hunting got two big turkeys they had these for

the first New Years dinner. Father James Rawlins and Brother Joseph S. and Lucinda and husband all lived close to geather here, the men would go out hunting and got plenty of honey for the families for the winter. Harvey M. and Joseph S. went hunting up the river, the Indians got after them, stole their horses and Harvey's overcoat and otherthings but the men never got hurt. They took turns hurding the cattle on the river, on the opposit sidefrom where we lived, there they sit the milk in pans, let it freeze and sack it up and bring it to us sometimes they churned the butter and took it to the women.

The brother-in-law, William Barger went to the Battalian and the men folk moved his wife Fereba Frost Barger there with them and built her a house and suported her while they stayed there.. The people built a school that Winter of 1847, On the morning of 30 April 1848 there came a baby girl to gladen thehome of Harvey and Margaret. When she was two weeks old they started the journey to the Rocky Mts, with two yoak of cattle, three (3) of them being wild when starting, they got frightened and run over a large stump, came nearly throwing Mother and baby out. Harvey had a rope on the leaders horns to guide them.

That day they made their way to the Missouri river. Here they found a great many awaiting to cross. Staid there several days before they gotacross the river..They camped in a vacant house untill the company was made up. Here Mary Rawlins, Joseph S. wife took very sick, and Margaret nursed both babies..They thought Mary would not recover but in a few days after they started she got better..Here the Company was organized with: James Blake Captain of 100. Barney Adams Captain of 50. Andrew Cunningham Captain of 10.. They started and travelled in this way for awhile.. Some were not satisfied in the way it was divided so Bro Amasa Lyman divided them in three companies: Franklin Richards Captain of one. Barney Adams Captain of another. Andrew Cunningham Captain of another. The third one was to travel behind but in a few days they were about ahead. They had passed both companies and were the first in the Valley. There was one baby born on the Platt river and it was called Platt Lyman.

They laded in Salt Lake City 12 Oct 1848 staid in the fort that night, next morning Father Rawlins, Joseph S, Harvey and Andrew Cunningham drove out to little Cottonwood and there they camped for a while. They went on the Big Cottonwood, where Father Rawlins built a home, Joseph made a Dug out, and Andrew Cunningham went back to Salt Lake. Harvey went down on the Jordan to help Geo Langley with the cattle. Geo Langley married Martha McKinley Frost Akes, after the death of her husband, Harman Akes. About this time David and Geo Carson, being twins, married my sister Millie Jane and Elva Ann, these brothers were out after the Indians and Geo was killed so David took his brother's wife and raised a family for him.

When the heard of cattle broke up we came back to Big Cottonwood and lived with Joseph S. and wife till we got a dug-out made. This was finished and moved into on New Year's Day and this was the happiest day in Margaret's life; the joy of knowing she had a real home of their own.

Geo Langley got sick and went back to little Cottonwood.. Here Pennia Langley was born, staid there till the next fall..Geo got sick again and moved into Salt Lake City where his first wife Polly lived. He died in the Spring of 1850. In the Spring of 1850 Harvey built a house up on the hill above their dugout and he farmed land clost by. On July 3, 1850 a son was born. They called him James McCaslin, he died in Feb 1851. Sister Martha McKinley Frost, Akes, Langley married again in 1851 to John Wiser. My son Harvey McGalyard Jr. was born 13 Dec. 1851. In the Spring of 1852 we moved on the north side of Draper. On 17 July 1854 our son Samuel Lafayett was born. When he was three weeks old his mother went to the door, the sun was shining bright all at once it was dark. I looked up and the heavens were thick with grass hoppers..They settled down and

(3)

took all the crops, that Winter lots lost their stock on account of scarcity of food.. many people suffered too, for want of food..

In Aug 1856 Archable Kerr and wife Nancy Ilwood Frost and two children, Malessa and Isabell and a baby they took toraise, he was William LaRayett Avery, and Father and mother Frost came to Salt Lake.. They took their home with them. In Sept 1856 Joseph S. Rawlins took small pox, had one pox, and his youngest child took it from him. We were all there with them not knowing what it was, sent for the Dr and he said it was small pox, took them to Holiday settlement where they all had it. Harvey nailed up their house and burnt sulphur and taxx. We were all vactinated but Archable had several pox broke out on him. He was sick but was building his house close by and worked on it and didn't say a word about being sick, finished his house and moved in Oct 1856.

On 22 Jan 1857 Franklin Arachable was borned, when he was small we moved on the south side of Draper, we built a two room (doby house) and set out a peach orchard. Mother Jane Sharp Rawlins died 5 April 1858 at Big Cottonwood. On the 6 of April 1859 Penina Jane was born, on the 10 of Dec I took down with rheumatism I was helpless for six weeks, got better but was lame all Winter. It was some time in 1860 that Archable Kerr and family moved up to Richmond Cache Co, Utah. About Aug 1861 my Bro Samuel B. Frost and family with about fifty persons in all came in to the Valley, he came and stayed with us as we had plenty of garden stuff for all. Bro Samuel B. built a house about a block wouth of us and carried water from our place. He came at night with his bucket and we would talk with me while I did my spinning..Many night we sit up till 2 o'clock talking of his troubles . His wife Rebecca and baby died in Iowa, Freemont Co. He had six children with him, three of which were married..Their names are: Hettie. (married Steven Allred), Mary married Jarome Adams, Samuel, married . Sarah married Felt Acord.. James McCaslin, (called Ned), Nancy married Abe Acord. Jarome Adams settled in Utah and Abe and wife started for California, went as far as Carson Valley and came back and settled in Utah in 1862.

On 19 Nov..1861 Mary Eveline Rawlins was born. That Fall I took wool in the dirt and made it into cloth. In the Fall and Winter of 1862-1863 Mother Frost and I would spin at night and weave the next day, we would wut out and make a garment as soon as enough cloth was woven. The sewing was done at night after the family was in bed.

In the Winter of 1863 had a nother piece in the loom, and hired a woman to weave it out. On March 18, 1863 my daughter Elzirah was married toMarion Kerr and moved to Richmond, Cache Co. (he had married two cousins) they were both Rawlins girls. They were Joseph's and Harvey's daughters. Nancy Jane.. In the summer she came home on a visit. Dressed Nina and Eva in some blue dresses I had made and stood them on a big boxx tolook at them and said; ''They sure look like butterflies.''. On 4 Mar 1864 Joseph William was born. On 16 Mar 1864 Geo McCaslin Kerr was burn to my daughter (Elzirah) On May 1864 her baby died.

I was still making cloth to cloth my family, in Dec 1864 Samuel L. Rawlins took pneumonia, was nearly well when typhoid fever set in. On New Year Day we worked all day to keep life in him, about 1st Feb 1865 the children had measles and Eva and Joseph had Scarlet Fever and Samuel L. had a spell of rheumatism. He remarked to me one day: ,,He guessed when he had everything he would be done.''

In April 1865 we sold out and moved to Spring City. Harvey was called to go after the Indians who had stolen cattle from the settlers.. We raised a crop but had a hard frost which froze our grain. In Oct 1865 we came back to Draper here we learned our daughter Margaret Elzirah had given birth to another baby boy and called him James Harvey, born 11 Sept 1865 and she died 26 Sept 1865..This was a great shock to us. We rested

(4)

a few days in Draper and then went to Father Rawlins and stayed until 1st of Nov 1865, then moved to Richmond, Cache Co., Utah. We found our motherless grandchild. I weaned my baby, Joseph.. Took Jinney, as we always called him, and kept him until he was 8 months old, then his father came and took him, which hurt us very bad. We bought us a house and lot where the red brick school house used to stand, just across the street on the East side from the Tabernacle stands in Richmond. In 1866 Father and Mother came to Richmond, On 23 Oct 1866 Alma Frost Rawlins was born. We had thrashers at the time. In the Summer of 1867 Harvey M. went to Draper and put in a crop, on account of the grasshoppers being so bad here. While there he had a dream, the next morning started home, was nearly home when he met John Wiser, my sister's husband, he said Joseph had been very low and he was coming after Harvey.

In the Spring of 1868 Evy had a very hard sick spell of (colery mobas), came nearly dying. She wanted her Aunt Nancy Kerr, said she would cure her.. We sent for her, she came and beat up dried chicken gizzards peeling, gave it to her and she not vomate anymore.

We took a trip to Mendon after Evy was better, the water was so high we went around by Wellsville.

In the Fall Franklin A. had a hard sick spell, Harvey was gone to Kase Crick on the railroad, at that time the big word was "Haft to wait till Jan. for pay." Another time he went with the Railroad into Echo Canyon with Bishop Preston in charge of the work. On the 14 May 1868 Elva Arminta was born, she cried so loud so awakened all the children, as soon as she was washed and dressed, Sister Nancy told them to come and see their little sister.. My father and mother Frost was living with us. For some time Mother was very sick. On 8 Sept 1868 she died.

All the men of the town were out drilling on the Public Square. Our lot joined this. In the Spring of 1870 we sold our lot to the (Trustees) Harvey built on a rented piece of land out south of town across the street from Archable Kerr and David Carson built a one room log house .. In the Fall built a slope on the back and used it for a grainery and we used it to make beds over the grain to sleep..

In the Fall of 1870 Harvey went to Salt Lake with a load of grain, when he returned he suffered with a carbunkel on his back bone.. I filed pure brass and plated lead and covered it, which rotted it. I pulled a coar out as long as my little finger and it began to run, but was healed after a long time. That Winter the children were skating on the ice. Joseph fell and cut a gash in his head. Evy brought him in, while I was dressing it she fainted and fell on the floor and was sick in bed for several days.. At this time my father lived with my sister, Nancy, as they had built a room so he could live there.

In the Spring of 1871 Harvey went to Lewiston, built a shanty and then took the family, about the 25th of April. We left Penina with Martha karren and Eveline with Nancy Jane Kerr to go to school.. We would go over on Friday evenings and bring them home, we did this for only a few weeks and then brought them to stay for good.. We raised a crop that year and in Dec. we moved back to Richmond. The snow fell about three feet deep. Our horses got lost through the storm and we had hours of anxiety before the boys found them. On the 1st feb 1872 Jasper Alfonzo was born in Richmond.. On the 1st of April we went back to Lewiston which was then called the "Flat".. There were wild, pea flowers in abundance.. The wild grass waved beautiful in the Summer it was about 3 feet high. This was the only year we didn't raise our bread and went to Richmond to buy it.

In the year of 1872 or 1873 William H. Lewis was appointed to preside over the Lewiston Ward. The year of 1873 I took wool in the dirt from

(5)

Careline Allen and made cloth from it and got half what I made. This same year Harvey M. Jr. went on the road to Montana fraiting.. Lucinda R. Cunningham, John and Martha Wiser, Hyrum and Martha Karren lived on the flat, Archable and Nancy Kerr lived down on Bear River and Father Frost lived with us.

This Summer Alfonzo got lye in his mouth and was burnt bad. During this time he weaned himself. In the Spring of 1874 my father was sick two week and then died May 12 1874 and was burried in Richmond. At this time Archable and Nancy Kerr came and stayed about a month. On the 1st of Aug 1874 Nancy Ellen our baby girl was born.. It was a hot, windy Summer and we raised water melons by the wagon loads. During the Summer two boys were killed by a terrible thunder and lighting storm. There was about 18 or 20 families lived here at the time. The men made a ditch from Worm Crick that served for irrigation purposes for the few years then they built a large canal from Cub River.

On Jan 6, 1876 the Relief Society was organized with Margaret Elzilah Frost Rawlins as the first President with Lucinda R. Cunningham 1st Coun. and Martha Lewis 2nd Coun. and Susan Terry was Sec. Careline Allen was Treasurer.. It was organized with 23 members, the brothern donated to start a fund as the Prophet Joseph Smith did. I served the Relief Society as best I could, visiting sick, burying the dead and trying to comfort the broken hearted.. I helped to lay away about 125 person that died. Martha Lewis was released and Martha Karren put in her place. Later Lucinda Cunningham was released and Martha Wiser was put in her place.. On May 20, 1877 William H. Rawlins Jr. and Rebecc Alvira Lewis were Married in the Endowment House, Salt Lake. The next year. On 13 Oct 1878 William Harvey Rawlins was born.. In the Spring of 1879 Harvey M Sr. went on the railroad at McCammon, Idaho, worked till Fall, sent home several \$100.00 which I protected by putting in my straw bed. We had a very poor stove to cook on, sometimes the girls took the washing up to Eda Lewis to do it..

The Relief Society gave me a surprise, as I was 50 years old. They came and pitched a tent in the door yard and set a table for over 50 persons to sit down to dinner. It was a day to be remembered. A few days later the boys went with their teams to Railroad. Harvey Se. Jode and Eay went on the midnight train to Red Rock and started to work there. I and four children were left to tend the farm. In the Summer Harvey Se, came home and hired a hedder to cut our grain, it was the first hedder we had seen. In Nov. they finished work on the railroad and they returned home. The following lines were requested, composed and written by Mrs. Josie Egbert or Rebecca Egbert, as she was known by everybody, in behalf of the Relief Society of Lewiston which was Organized Jan 6, 1876.

Cheerfully we bring a tribute
To our Relief Society today.
For we know that she is worthy
Of more than we can do or say..

She has served us one and twenty,
Long, long years that's gone and past.
May the Lord forever bless her.
May our lot with hers be cast.

When we think that how she's lingered,
In the hours of midnight dred.
By the bed side of our loved ones,
That are numbered with the dead.

And in lonely hours I ponder,
Not enough of her is said.
Her, whose precious hands so willing
Laid away our sacred dead,

May her days be long and many,
Full of Peace and Cheerfullness.

For she's been a mother
To the poor and Mother-less,

May our President long be with us
Through the many years to come.
And if she shall yet desire
May she sive five score and one.

Grandpa and Grandma
Valient and Brave.
Tender and true.
What would Utah still be
If it were not for you?

A land covered with sage brush.
Where the Cyote roams,
And Indian Wickeups
In place of fine homes,

It was Grandpa and Grandma
Who came to the West.
And sought out this Land.
Which the Lord has so blest.
It was Grandpa and Grandma
Who Pioneered the way.
Made the desert a Garden,
So their children could stay

Grandpa killed all the snakes.
And dug all the ditches.
Grandma spun all the yarn
And wove Grandpa's jean britches,
It was Grandpa's strong hands,
That made all the roads,
And built all the bridges.
And lifted the loads,

Grandma knit Grandpa's socks.
And braided his hats.
And pieced up the quilts,
And carded the bats,
Grandpa hued all the logs,
And built his rough Cot.
Grandma made "Home Sweet Home"
Of the desolate spot.

(12)

It was Grandpa and Grandma
Who laid the foundations
Of Utah the greatest
State in our Nation
All honor to Grandpa
And Grandma today,
Your Grandchildren wishes
Fond tribute to pay.
To the dearest old couple
That lives in Utah
Those silvered-haired Veterans
Grandpa and Grandma.

"Dear Grandma."
Your face is like a sunbeam;
Your cheek is like the rose.
Your smile is like its perfume
It cheers where'er it goes.
We can not do with out it
To help us on our way,
So be of good cheer, dear grandma
This Merry Christmas day.

Grandparents, dear, we've come to greet you

On this eve of Christmas Day.

May we ever be as faithful

As you've proved yourselves to be,
Many trials have passed before you.

Caused your heads to bow with grief,
Yet through all your sore afflictions
You've never forsaken your belief.

Staunch and firm as bands of iron

You've withstood the world's cruel blasts
And have reared and raised your children

To praise you and call you blessed.
In spite of all this world can offer
With its gems and pearly white
You're the purest jewels among them.

Which can bring your children light

Now we've met this night to show you
 That we do appreciate
 All you've done for us, your children,
 Ere we find it is too late..
 Now Grandparents, dear, before we go,
 We wish to leave you full of cheer.
 Remember that our best wishes are
 A Happy Christmas and New Year.

"The home of Harvey M. Rawlins, Se was always opened to those in need. His wife, Margaret Elziran became the first President of the

Relief Society in Lewiston on 6 Jan, 1876. This brought them in close contact with sickness and death in the Community, and never was their work too pressing or night too stormy to keep them from answering a call for help to those in distress. They had a great deal of sickness in their own family and Grandma was there at ~~their~~ homes or else she had them to her home to take care of the sick. But in spite of that, others were also taken care of. Harvey M. Se. was a man of few words but extremely blunt and to the point in expressing himself and extremely independent, He was kind but severe on the wrong doer. He started working on the farm as soon as he was old enough to work. And continued until age and health would no longer allow him to work. Although he was not a very large or strong man, he helped in Pioneering a new country where ever he went in the various occupations necessary to that country as well as to help on the railroads at various time both Utah, Idaho and Montana.

Harvey M. Se not only supported his own immediate family but very often took other relatives into his home while he helped them in preparing a home for themselves and even Saints coming from other places could find a welcome place in his home to stay until they secured a home of their own.

In 1900 Harvey's eyes begin failing him and gradually got worse until in 1901 he went blind. He used to feed his pigs after he went blind. He could tell where the swill barrel was and just where the pen was.. He wanted to keep at work as long as he could which he did. He used to milk cows till he couldn't tell which cow he was to milk so he had to stop it. When he went to the Poles to vote was his last for he was sick most of the time after that for the rest of his life. On Sept. 7, 1913 he took very sick to his stomach and died, two days later at the age of 88 years and 7 month, on the 9th of September.

He had been married 67 years and blind 12 years of his life. He had most of his children around him when the end came. His funeral was held Friday at 2:00 P.M. 12th Sept., 1913 at the Opera House as the Ward was remodeling the Church House. Opening Prayer by Ace. D. Smith. Closing Prayer Herman Danielson. Prayer at the grave: John Kemp. Six Grandsons were Pall bearers. The 1st Ward Choir furnished the music. Speakers were Harvey M. Rawlins Jr., James Zebulon Stewart of Logan, Utah, Walter Fitzgerald of Draper, Utah and Pres. William Waddoups. They all spoke of loving remembrance of Bro. Rawlins, the power of his example and sterling qualities which marked him as a true Pioneer and faithful Latter-Day-Saint.. Vocal Duet: Fred Elwood and wife. A Male Quartet, Andrew Wiser, Geo. F. Rawlins, Alphas Rawlins, Ed Kemp Jr.. entitled "School Thy Feelings" Pall Bearers were: Clement Rawlins, Glen Rawlins, Bert Rawlins, Eldon Leavitt, Lloyd Hogan, Ruel Rawlins and Angus Rawlins drove the team.. These were his Grandsons. The following poem Written by Nellie L. Rawlins was read by F. M. Stephenson Jr..

"TRIBUTE TO H. M. RAWLINS, SR."

Our Grandfather dear has left us.

Gone to that happy land beyond.

Where all is full of sunshine.

Where we find both old and young.

Last night I dreamed I saw him

As he at those Pearley gates knocked

And, Oh! What a joyful welcome!

As the passage was quickly unlocked.

There stood his dear son and daughter

Who had passed away long years before.

And beside them were father and mother

And relatives and friends by the score.

With a quick youth-like tread he stepped forward

As behind him those Pearly gates closed.

And was soon in the arms of his loved ones,

Just as night settled down for repose.

Then quickly they said: "Let us Hasten,

For back to our work we must be."

And Grandpa began to move with them

I thought; "What can he do and not see?"
For twelve years on earth he had tarried

Not able to tell darkness from light

And I began to think and to wonder

What could be done without sight?

Just then he turned and looked at me,

And, Oh! Then my wonderment ceased.

For his face was a-glow with new feeling,

With happiness, with joy and with peace.

His eyes shone as bright as the sunlight.

And he smiled as he used to your,

For his sight was restored with full measure

As he turned up the path from the door.

Then I asked him why he had left us,

On this Earth in sorrow to dwell

And he said: "Go forth and sorrow no longer.

Of Labors here it would take long to tell.

You are still blessed to have Grandma with you

Love and cherish her while she is there

Line her path with no thorns but sweet roses

Guard her always with very best care.

For years, numbering three score and seven

As companions we dwelt there on earth

And should hearing voices sing praises.

They can't tell of half her great worth.

I must now hasten foreward to labors.

And prepare our fine dwelling here,

For Grandma will soon be called homeward

To dwell in this Heavenly Sphere,"

Then he turned and trod forward quickly

And was soon lost to sight in the throng.

Who were each one busy at something.

Filling the air, as they worked, with sweet song.

Then I thought how the Lord now blessed him.

For embracing the Faith of his youth.

And cheerfulling enduring great hardships,

As he came across the plains for the truth.

Although he was not then permitted

To come that very first year,

He followed in just twelve month later.

To dwell with the faithful ones here.

For years his trials nymbered many,

Without losing Faith in the Lord.

The Father has now called him homeward.

To give him his well earned reward.

Grandpa's two sisters were at his funeral. Jane Carson and Melvina Lemon.

After Harvey's death, I was very lonely, and was left alone. Although my

children were very good to me, they had their families, and I missed my

companion of so many years. We had lived to geather 67 years and it had

been 48 years since our last daughter Margaret Elzilah Rawlins Kerr was

buried. We had burried many of our postarity but not one of our own

family.

Clawson died Dec.11, 1916 and Margaret Dec 26, 1916. Taggart was born to Frederick and Eulalie. June 1917 Wm. Glen Rawlins died, son of Jos. W. and Mary Ann Rawlins. He left

About 1918 a rough spot came on my right cheek and it bothered me a great deal. It finally made a sore and or 2 years it was very bad. It at last turned to be a capital corn of the cancer family and finaly was the cause of her death.

Apr. 4, 1920 her children were there and all was done that could be done, but nothing to ease her. When death came she was 90 years old, the last of April. She had lived a good life and to a good old age..
